Protection: A hardshell case safeguards against bumps and scratches.

Versatility: Nodes on the case attach to an extensive line of stands, mounts and straps so your iPad can adapt to being at the office, in the field or on the road.

Mobility: The modulR shoulder and hand straps add comfortable convenience and easy access, allowing your iPad to be taken everywhere your business takes you.

"Using the modulR case and strap combo, I am literally able to 'wear' my iPad. It is always at my fingertips, allowing me to realize my goal of operating in a zero-paper environment."

- TY MATHEU, DIRECTOR OF PRODUCT DEVELOPMENT AT CROSLY RADIO.
